“I cannot speak too highly of our main care worker. She was concerned not only for my wife but for me as well, always sensing when my role of carer was becoming too much for me. She became like one of the family, giving support to both of us, with her practical assistance and words of common sense.”

Harris, Brentwood

## WHY LINDAY HOMECARE?

We believe that you are the expert in knowing what is best for your lifestyle and will work closely with you and your family members to provide reliable, tailored care enabling you to live the best life that you can.

It can be daunting when poor health requires a stranger to come into your home to assist you with your daily routine and we bear this in mind when recruiting our team of loyal care workers. We go to great lengths to ensure that everyone employed by us is appropriately trained, professional and competent. We would never hire anyone we wouldn't invite into our own home and do our best to ensure that you see the same people each time to allow you to build good relationships with your care workers. Our promise to you is a quality professional service delivered by appropriately trained care workers who are reliable, punctual and, most importantly, friendly!

## FUNDING

Many people contact us regarding care for themselves or a loved one and one of the biggest concerns is funding. We are committed to helping you find the best possible care and enabling you to use your funding in the most economical way.

Our personal care and support services can be funded in many different ways:

- Your local authority/NHS Trust may commission the care directly with us
- Your local authorities may provide you with an individual budget to use our services
- Your family may purchase a certain number of care hours on your behalf to supplement what is funded by your local authority
- You may wish to commission your own care using personal resources

“Our care worker has made a great contribution to the health, well-being and comfort of my sister in her last days. Our care worker was ever sunny, reliable, most professional and ever conscious of my sister's dignity and comfort. My sister was insistent to tell us how comforted she was by her presence.”

*Mr & Mrs Patrick, Birmingham*

“Thank you all for the help my husband received while he was ill. What would we do without people such as you? We are so grateful for all you do.”

*Mrs Alice, Waterfield*
